## **District Vision Statement**

Building successful futures – every student, every day.

## **Mission Statement**

The mission of the Atchison Public School District shall be to identify and remove all barriers to promote equal opportunities for success by all students

## **Our Philosophy**

Central School Educational Programs are a unique combination of programs that provides educational services to the students of the USD 409. Academic, vocational, and/or therapeutic programs will be provided through an individualized, student-centered approach. Programs will be attentive to the needs of the students and will be very sensitive to the variety of learning styles among students.

Central Educational Programs will work with each student to assess academic and career goals in order to provide instructional opportunities. Emphasis will be placed on helping students develop self-discipline and responsibility – an expected behavior in the workplace. Staff will maintain and model an orderly learning environment through fair and respectful treatment of students.

A fundamental belief of these educational programs is that all students are of value. They need guidance to find and develop the positive qualities they possess. We understand that many will have histories of failure in the “traditional” settings. Thus, our goal is to strive to find creative approaches to their learning which will enable them to experience success and create satisfying futures.

We understand that many students may come to an alternative school setting with life circumstances, which present barriers to their success. We will strive to be non-judgmental, to provide a structured environment that is not rigid, but is a supportive environment that fosters success and self-confidence.

## **We, the staff of the Central School, believe that:**

- All students can and will learn;
- Each student is an individual with specific needs;
- Providing a safe educational environment for students and staff is our primary responsibility and, therefore, certain behaviors will never be tolerated at the program site regardless of the student’s background and/or disability;
- Building strong and appropriate relationships with students is fundamental to achieving positive behavioral change and educational attainment;
- Through our guidance, students will grow and adapt in order to meet the behavioral standards expected of our society;
- Team involvement and collaboration is a critical component to the success of our program; including parents and students in making decisions relative to their academic and behavioral plans. ·  
Students can meet the educational standards established by the State of Kansas.

We believe that an effective school is accepting of all students, creates a safe space for collaborative and independent learning, and educates beyond the academic walls helping each student to strive for personal and professional success.

### **School Safety Procedure**

To help promote safety at Central School, all students and their bags will be scanned with a hand-held metal detector upon entering the building. School personnel may inspect bags for the purpose of identifying concealed items when the metal detector is activated. Bags, coats, and other items may be collected by school personnel for safe-keeping during the school day.

### **Academic Responsibility**

Students are obligated to complete all schoolwork assigned to them. Students are also responsible for bringing materials -paper, pencils, IPADs, and textbooks- to class each day.

### **Assigned Place for All Students**

Students are expected to be in their assigned locations at all times.

### **Athletics/Activities: Student in Good Standing**

See Activities Handbook

### **Attendance**

A student's absence from the classroom learning experience disrupts the continuity of the student's instructional progress. The benefits of classroom instruction include class discussion, teacher presentations, and student participation. Many of the benefits are lost during extended absences and cannot be entirely regained even by after-school instruction. Thus, school attendance is necessary and the school district requires regular attendance in compliance with state law.

1. The State of Kansas expects schools to have an attendance rate above 90%. By Kansas Statute 72-1111, all children between the ages of 7 and 18 are required to attend school on a regular basis. Furthermore, Kansas Statute 72-1113 requires school administrators to report to DCF or the County Attorney students who are inexcusably absent from school for all or a significant part of three consecutive school days, or five school days in a semester, or seven school days in a year, whichever occurs first.
2. In case of a student absence, a parent should call the school office by 9:30am on the day of the absence. If the office has not received a call by that time, school officials may call to determine the reason for the absence. Your child will remain unexcused until we hear from a parent/guardian.
3. The principal is responsible for determining whether an absence/tardy is excused or unexcused.
4. The following absences may be excused by the principal: illness or injury, doctor appointments (require a doctor's note), religious reasons, family emergencies or death in the family. Absences will not be excused for shopping trips, babysitting, hair appointments, getting your driver's license, working part-time jobs, or general absences for personal business that could be taken care of outside the school day. Doctor's notes must have the time of the appointment documented on the form, any specifications that might be relevant to returning to school, and the day(s) being excused. We will excuse the time that the student was seen by the doctor and any reasonable travel time. In order for a doctor's appointment to be considered a medical absence, a note from the doctor must be returned to the office within five school days of the student's return to school. We reserve the right to call and check on any doctor's note that is given. Students of active military personnel may have additional excused absences at the discretion of the principal for visitations relative to leave or deployment.
5. If a student is absent (excused or unexcused) two hours during a school day, it will be counted as a half-day absence. All absences over two hours will be considered a full day absence.

6. A student is considered tardy to class when they enter the classroom after the bell has rung. A student will not be considered tardy if they have a pass written by the office or another staff member excusing their late arrival.
7. When a student is absent, the student will have two days for each day of the absence to complete the work assigned during the absence. However, when an absence is unexcused, assignments and/or projects that are due that period and/or day missed will be due the next class period. For planned absences, the student and/or parent is responsible for making arrangements for assignments with the teacher(s) prior to being gone. In no case will a student have more than two weeks to complete assignments.
8. Students may be required to make up time missed for any unexcused absence. In these cases, the parents may be notified and be asked to meet with the principal.
9. Students should understand that attendance in school is a requirement for attendance at or participation in any extracurricular activity. Students must be in attendance the entire day on the days of participation in a game, dance or performance event. There are exceptions to this rule such as field trips, college visits and doctor / dentist appointments. Students must be in attendance all day on a Friday that a dance occurs (all day Thursday if there is no school Friday). Final approval for eligibility for this policy will be granted by Activities Director or other Administration at CS/AHS.
10. Atchison Public Schools will follow all Kansas Department of Health and Environment guidelines for the purpose of school attendance and activity participation.

### **Behavioral Expectations**

Central School Students have Positive Behavior Intervention Supports using our LiveSchool Reward System. This is an online behavior system that rewards student's positive behavior points based on school and classroom expectations. In turn students spend points at weekly behavior store or can save points for an even greater reward. Students set goals for what they want to earn and target a specific behavior to make continuous improvements weekly.

Students will operate under the Central School standards of demonstrating safe, respectful and responsible behavior. This includes, but is **not** exclusive, to the following:

1. Students will refrain from engaging in harmful behavior toward themselves or others (verbal, non-verbal, and physical.)
2. Students will refrain from disrupting the learning of others.

### **Bullying**

Policy JDDC: Bullying by Students

The board of education prohibits bullying in any form, either by any student, staff member, or parent towards a student, or by a student, staff member, or parent towards a staff member on or while using school property, in a school vehicle or at a school sponsored activity or event. For the purposes of this policy, the term "bullying" shall have the meaning ascribed to it in Kansas law.

The administration shall propose, and the board shall review and approve a plan to address bullying as prohibited herein. The plan shall include provisions for the training and education of staff members and students and shall include appropriate community involvement as approved by the board.

Students who have bullied others in violation of this policy may be subject to disciplinary action, up to and including suspension and expulsion. If appropriate, students who violate the bullying prohibition shall be reported to local law enforcement.

### **Bus Transportation**

Riding the bus to and from school is a privilege. Student conduct while riding a bus must be appropriate in order to provide a safe environment for all riders. Parent/Guardians will be contacted when behaviors are not appropriate and endanger the safety of others. Bus drivers will report misconduct to the Transportation Manager. Along with the appropriate administrator, they may suspend or revoke the transportation privilege of a student who violates any safety guideline.

- **Alternate Bus Routes**

In the event of poor road conditions, buses may follow designated alternate routes. Alternate routes are subject to change based on weather and road conditions. Parents will be informed as needed of designated alternate routes based on weather and road conditions (possible examples: snow, mud, road closures).

### **Classification of Student**

Students will be classified at the beginning of the school year according to the number of credits they have earned. We will reclassify at semester depending on credits earned. To reclassify at semester a student must have the following credits: 10<sup>th</sup> grade – 9 credits, 11<sup>th</sup> grade – 15 credits, and 12<sup>th</sup> grade – 21 credits.

### **Class Assignments/Changes**

Students may change their class schedules during the first three days of each semester. Changes will not be made if the change will overload a section of the class. After the first three days, class changes will only be made with the approval of the teacher, the parent and the administration.

### **Class Rank**

The school board recognizes that academic achievement should be a top priority and that students should be honored for this accomplishment. A high school honor roll is one way to achieve this. Class ranks are also useful when making application for awards, scholarships, and/or college entrance.

### **Grading Scales and GPA:**

USD 409 Atchison Public Schools' grading scale reflects student achievement through ranges of traditional letter grades. Letter grades are based on a 4.0 scale. The 4.0 scale is widely accepted among secondary public schools and high education institutions as the standard grading measure for the purposes of evaluating student academic performance. A student's Grade Point Average (GPA) is calculated by converting each letter grade to its numerical grade scale equivalent, adding the grading scale equivalents, and dividing that sum by the number of credits attempted.

### **Procedures:**

- A. **Academic Honor Roll** – The Honor Roll is determined by a student's grade point average. Grade Point Average is determined by dividing the number of numerical points accumulated by the number of credits attempted.
  - a. Honor Roll is computed with the following designations:
    - Superintendent's Honor Roll = 4.0 GPA
    - Principal's Honor Roll = 3.50 to 3.99 GPA
    - Honorable Mention = 3.0 to 3.49 GPA
  - b. Pass/Fail grades are not counted towards Honor Roll.

- c. Reporting
  - i. Atchison Middle School will report honor roll membership quarterly.
  - ii. Atchison High School will report honor roll membership each semester.
  - iii. Students attending Central School will be reported with their grade level with Atchison Middle or High School.

B. **Class Rank** – Class Rank is determined at the end of each semester for grades 9 – 12 by comparing the students' grade point averages.

- a. A student's grade point average (GPA) is determined by dividing the number of numerical points accumulated by the number of credits attempted.
- b. The higher the grade point average, the higher the student's ranking.
- c. The cords worn by graduating seniors are earned by compiling a cumulative grade point average in their high school career to rank in the top 15% of the graduating class, based on the 4.0 point scale.
- d. Class rank calculations are cumulative, beginning with the close of the first semester of 9<sup>th</sup> grade. Each subsequent semester, grades are added to the existing totals.
- e. Students attending Central School will be reported with their grade level with the High School.

### **Class Rank:**

Class rankings shall be maintained from grades nine through twelve. Only students enrolled in USD 409 for a minimum of five (5) classes shall qualify for class ranking status during that semester. Semester grades shall be used to calculate grade point average (GPA) for class rank.

Cumulative Class Rank will be calculated at the conclusion of each semester. The official and final cumulative class rank is based on the class rank calculated at the end of the second semester of a given school year.

Students who do not have official high school records are given a rank equal to that which they would have earned had they been in high school for four years if requested to do so for college admissions purposes only.

### **Course Failure and Repeat Credit**

Students are permitted to retake failed classes. Failed courses will be recorded as an "F" on the student's transcript, and a zero will be computed for the course in determining the GPA. Courses required for graduation must be retaken and passed. Both grades will be reported on the transcript and be computed in determining the cumulative GPA.

The following provisions apply when determining class rank and GPA:

1. Grades received by students for courses taken at a College or University, including independent study or correspondence courses, may be included in the student's GPA at the student's request.
2. Grades received by students for courses taken at College, University, or College Technical Center for **dual credit or high school credit** shall be included in the student's GPA.
3. Grades received by students for courses taken at other accredited public schools or approved accredited alternative programs shall be included in the student's GPA.
4. Grades received by students for courses taken at an accredited private or parochial school shall be included in determining the student's GPA.

5. Grades received by students for courses taken through a non-accredited home-based private education program instruction or home schools shall not be used to determine GPA, class rank, or be given credit toward graduation requirements.
6. A passing grade for a pass/fail course will reflect a credit in the transcript but will not be used to determine GPA or class rank.
7. High school subjects taken by middle school students shall not be used in determining high school class rank unless taken at the high school and classified as a high school class.
8. Foreign study abroad will be subject to review and will be listed as pass/fail credit.
9. Teacher Aides will be evaluated on the grade scale but will not figure into class ranking or grade point averages.
10. Any student who will not graduate from AHS will not be included in Class Rank. This includes Foreign Exchange Students.

#### Understanding Grade Point Average / Class Rank Calculations:

##### Grade Point Average

Grade point averages are determined by dividing the number of grade scale points achieved by the number of credits attempted.

GPA calculations do not include Pass/Fail courses.

GPA calculations are determined by dividing the grade points earned by the total number of credits attempted. For example:

The student attempted a total of 7 credits.  
 Grade point values were:  $2+2+3+3+3+4+4=21$   
 $GPA = 21 / 7 = 3.0$

GPA calculated values are truncated (not rounded) after the hundredth decimal place.

GPA's are determined on a semester-basis only. The cumulative (composite) GPA is determined using the semester averages beginning with the first semester of the freshman year. GPA and class rank are calculated at the end of each semester. For example:

1<sup>st</sup> semester 9<sup>th</sup> grade: 7 classes / 3.5 credits  
 Grade point values totaled: 28  
 Semester GPA: 4.0 [28 / 7]

2<sup>nd</sup> semester 9<sup>th</sup> grade: 7 classes / 3.5 credits  
 Grade point values totaled: 21  
 Semester GPA: 3.0  
 Cumulative GPA: 3.5 [49 / 14]

1<sup>st</sup> semester 10<sup>th</sup> grade: 7 classes / 3.5 credits  
 Grade point values totaled: 18  
 Semester GPA: 2.5  
 Cumulative GPA: 3.19 [67 / 21]

##### Class Rank

Class rank is based on calculated GPA's. This rank may change when any student is added or removed from enrollment.

Any students whose GPA are identical shall be granted the same class rank. The rank of the student or students who immediately follow a “tied” position shall be determined by the total number of students that are in the preceding “tied” position. For example: If two students share a class rank of #5 in the class (thus they both have the same GPA), the next student would have a class rank of #7.

**Weighted Grades**

The purpose of having weighted grades is to encourage our students to enroll in our most rigorous academic courses in order to maximize preparation for their post-secondary education. Classes that have been designated as eligible for weighting are classes that can be taken for dual credit or beyond Kansas Regents curriculum requirements.

Grade Scale:

Regular Scale		Weighted Scale	
A 90 – 100	4 Points	A 90 – 100	5 Points
B 80 – 89	3 Points	B 80 – 89	4 Points
C 70 – 79	2 Points	C 70 – 79	3 Points
D 60 – 69	1 Point	D 60 – 69	1 Point
F 59 and Below	0 Points	F 59 and Below	0 Points

The classes that are currently eligible are as follows:

- Advanced Algebra/Trigonometry
- Calculus
- Biology II
- Physics 10
- Chemistry II
- Anatomy and Physiology
- American Studies History
- College Prep English
- Spanish III
- Spanish IV

**IPS Yearly Day of Service**

Per the Individual Plans of Study, each seminar class will complete a Day of Service with their cohort. Following the day of service, students will complete a written reflection that will be put into their Xello plan.

If a student does not complete a day of service during their cohort’s scheduled time, the student will be asked to complete it with a different cohort. If a student doesn’t complete a scheduled day, 15 hours on their own time will be required.

**Community Support Available**

We also believe that there are students who come to school every day with needs and problems that interfere with learning. The Central School will work with local agencies to obtain the necessary support through local

agencies. We have worked with the following local agencies to better meet the needs of students within our program.

- Healthwave Insurance Program
- The Guidance Center
- TFI – “The Farm”
- DCF - Department of Children and Families
- Community Corrections
- Atchison County Court Supervision
- KAW Valley
- Dental Services
- Salvation Army

The Guidance Center will offer group and individual counseling sessions for students onsite during the school day. An intake will need to be made with the Guidance Center before counseling will begin. Group counseling sessions will be developed around 6-week lessons and students will be able to move in and out of group therapy as needed.

### **Computer Use / Internet**

Students shall have no expectation of privacy when using district technology. Prior to students being allowed to use this technology, both a legal guardian and the student must sign the district’s acceptable use policy. The school will monitor and/or duplicate information created by students in any electronic format. Students who violate any established technology policy may be subject to disciplinary action including suspension/expulsion from school.

### **Dance Expectations**

Dances are an opportunity for students to socialize in a controlled atmosphere. Please make sure the following things are in order before coming to an AHS dance:

- The doors will close one hour after the announced opening. Students will not be admitted after that time.
- Guests must be signed up in the office at least one school day prior to the event. Example: Guests must be signed up by Thursday for a Saturday dance.
- A student is responsible for the conduct of any guest.
- Guests must be 20 years of age or less at the date of the event.
- Student may be asked to leave if their dancing is determined to be obscene.
- Once students leave the dance, they will not be allowed to return.
- Students whose behavior suggests drug or alcohol use will be escorted to the office where parental notification will be made.
- Students must be in attendance at school from the entire day to participate in the weekend’s dance.
- To attend a student must be deemed a student in good standing.

### **Outside Guest Relative/Special Circumstances**

With administrator approval, the guest may bring the student to the dance. Guest will remain in the lobby area for a predetermined amount of time (5-10 minutes). The guest may not stay for the dance. The guest may return to the lobby area to pick up the student.

### **Prom Expectations and Guidelines**

- Students will be held to the same expectations as above
- Only students who are classified as a Junior or Senior, which is **15** credits or more, at the end of first semester will be allowed to attend.

- Students who are classified as sophomores, which are 9 credits or more, at the end of first semester, are eligible to attend prom if they are asked.

### **Dress Code**

Appropriate student dress and appearance helps set the tone for a positive school climate. Dressing cleanly and nicely shows pride in yourself, family, and in your school. Students are to use good judgment in their personal appearance. The district's dress and appearance rules will serve as guidelines for students and parents' determination of what is appropriate school dress and appearance. Students and parents should follow these guidelines:

- Clothing and personal possessions with objectionable wording, sexually permissive wording/ pictures, satanic symbolism, gang related symbolism, inappropriate pictures/innuendos, or that which advertises alcohol, tobacco, drugs, or controlled substances are not acceptable. Further, clothing that is tight, flimsy, torn or ripped to the point of immodesty, or clothing that depicts violence or vulgarity of any kind may not be worn.
- Students are not to wear head coverings. Examples include, but are not limited to: hats, hoods, stocking caps, headgear, bandannas, and sunglasses inside the school building during regular school hours.
- Students' bodies must be sufficiently covered to insure modesty. Sleeveless shirts (not undershirts, or spaghetti strapped shirts) properly covering the body may be worn. Sports jerseys may be worn if a shirt with sleeves is worn underneath them. Halter tops, half t-shirts, or other tops not sufficiently covering the body to insure modesty (including see through tops and shirts with low necklines). Undergarments should not be visible.
- Pants, shorts, jeans, etc. must be worn so that the waistband is at the waist. Sagging is not allowed. Undergarments should not be visible.
- Spandex or similar shorts may be worn if under appropriate length shorts, skirts or dresses.
- Bare or socked feet are not allowed at school for safety and public health reasons.
- Large chains
- No blankets

In these instances, the school will assume its delegated authority to protect the physical health, safety, and well-being of the students and to preserve its intended purpose as an educational institution. The principal shall make the final determination regarding the appropriateness of a student's appearance. Students who are inappropriately dressed will be required to change their clothing.

Students representing the district in an elective or extracurricular activity, before, during, or after the school day, will be expected to adhere to the district dress and appearance policies as well as the requirements set forth by the coaches and sponsors of an activity.

### **Drugs / Alcohol: Drug-Free Schools**

#### ***Board Policy JDDA***

Maintaining drug-free schools is important in establishing an appropriate learning environment for the district's students. The unlawful use, being under the influence, possession, transportation, sale, manufacture and distribution of illegal drugs, over the counter drugs, prescription drugs, controlled substances, drug paraphernalia, chemicals, precursor chemicals, cereal malt beverages, and alcohol by students at school, on or in, or while utilizing school property, or at school sponsored activities, programs, or events is prohibited.

Possession, use, and/or being under the influence of a controlled substance by a student for the purposes of this policy shall only be permitted if such substance was:

Obtained directly from, or pursuant to a valid prescription or order, issued to such student from a person licensed by the state to dispense, prescribe, or administer controlled substances;

1. In the case of use or possession, approved and administered if administered at all, in accordance with board policy JGFGB and/or board policy JGFGBA; and

2. Used, if at all, in accordance with label directions.

### **Student Conduct**

As a condition of continued enrollment in the district, students shall abide by the terms of this policy.

A student shall not unlawfully use, be under the influence, possess, transport, sale, manufacture and distribute illegal drugs, over the counter drugs, prescription drugs, controlled substances, drug paraphernalia, chemicals, precursor chemicals, cereal malt beverages, and alcohol at school, on or in, or while utilizing school property, or at school sponsored activities, programs or events. (School administration reserves the right to skip steps depending on the seriousness of the offense.)

### **First Offense:**

A first time violator will be subject to the following minimum sanction.

1. Short term suspension (up to 10 school days).
2. Suspension from all student activities for a period of up to 20 school days.

### **Second Offense:**

A second time violator will be subject to the following minimum sanction.

1. Administrative recommendation for long-term suspension.
2. Suspension from all student activities for a period of up to one semester or 80 school days.

### **Third and Subsequent Offenses:**

A third time violator will be subject to the following minimum sanction.

1. Administrative recommendation for expulsion.
2. Suspension from all activities and attendance at all activities for the length of expulsion.
3. A student who is expelled under this policy may request re-admittance during the term of expulsion only if the student has completed drug and alcohol education and rehabilitation at an acceptable program.

A student shall not unlawfully use, be under the influence, possess, transport, sale, manufacture and distribute illegal drugs, over the counter drugs, controlled substances, drug paraphernalia, chemicals, precursor chemicals, cereal malt beverages, and alcohol at school, on or in or while utilizing school property, or at school sponsored activities, programs or events. Any student who does will be dealt with in the following manner:

- Suspension up to expulsion from school; proper authorities will be contacted if there is a violation of Kansas Statutes.

Students who are suspended or expelled under the terms of this policy will be afforded due process rights contained in board policies and Kansas statutes, K.S.A. 72-8901, et seq. Nothing in this policy is intended to diminish the ability of the district to take other disciplinary action against the student in accordance with other policies governing student discipline. Drug and alcohol counseling and rehabilitation programs are available for district students. If a student agrees to enter and complete a drug education or rehabilitation program, the cost of such program will be borne by the student and his or her parents.

A list of available programs along with names and addresses of contact persons for each program is on file with the board clerk. Parents or students should contact the directors of the programs to determine the cost and length of the program.

A copy of this policy will be provided to all students and the parents of all students. Parents of all students will be notified that compliance with this policy is mandatory.

## **Electronic Devices**

While on school property or while attending school-sponsored or school-related activities, or on school buses or vehicles provided by the district, students shall not use electronic devices in a manner that poses a threat to academic integrity, disrupts the learning environment or violates the privacy of others. This includes but is not limited to cell phones and Ipads. Students in possession of these devices shall observe district and building policies. At Central School, students are to turn all electronic devices in at the beginning of the school day. These items will be stored in the school safe. Students have access to their phones during lunch. Devices are returned at the end of the day.

Students shall not send, share, display, view or possess pictures, text messages, emails or other material depicting sexually explicit conduct, nudity, vulgar, threatening, or violent material. This includes creating/taking pictures of themselves or others. This prohibition does not apply to curricular material that has been approved by district staff for its educational value.

The school is not responsible for the loss or theft of any item. If a student chooses to bring any of these items to school, and a theft or disappearance occurs, the student and or parent/guardian should contact the local police department and report the incident.

## **Eligibility (K.S.H.S.A.A.)**

See Activities Handbook

## **Emergency Information**

All schools conduct emergency drills at various times throughout the school year. Students shall be informed of emergency drill procedures at the beginning of each school year. Every student and adult must participate and follow directions closely. The drills are designed to prevent injury and save lives and therefore must be treated seriously.

## **ALICE – Alert, Lockdown, Inform, Counter, Evacuate**

ALICE teaches individuals to participate in their own survival while leading others to safety. While no one can guarantee success in this type of situation, this new set of skills will greatly increase the odds of survival should anyone face this form of disaster. In a stressful situation, to make it easy to remember, ALICE is broken up into five strategies: Alert, Lockdown, Inform, Counter, and Evacuate. The ALICE acronym is not meant to be a linear strategy and does not have to be applied in the order of the acronym.

### **Secure Campus**

All students and teachers should remain in their classrooms. Normal activities should continue. If anyone is not in their classroom, they should make their way to the appropriate classroom as soon as possible.

### **Evacuation**

All students and teachers should leave the building in a quiet, orderly manner as quickly as possible. Students and teachers should go to their designated location and remain there until an all clear or further instructions are given.

### **Lockdown**

All students and teachers should remain in the classrooms. The door should be locked, windows covered, blinds shut and lights turned off. If anyone is not in their classroom, they should make their way to the nearest safe location as soon as possible. This may be the nearest classroom or another location.

### **Enhanced Lockdown with Barricade**

All students and teachers should remain in the classrooms. The door should be locked, windows covered, blinds shut and lights turned off. Furniture or other items should be placed to block the door to limit entry by an intruder. If anyone is not in their classroom, they should make their way to the nearest safe location as soon as possible. This may be the nearest classroom or another location.

### Enhanced Lockdown with Barricade and Counter

All students and teachers should remain in the classrooms. The door should be locked, windows covered, blinds shut and lights turned off. Furniture or other items should be placed to block the door to limit entry by an intruder. Teachers and students should determine methods to counter the intruder, if appropriate. If anyone is not in their classroom, they should make their way to the nearest safe location as soon as possible. This may be the nearest classroom or another location.

### Active Shooter - Decision

Each teacher must consider the information and make the best decision for their students. As age appropriate or situation dictates, students may need to make the best decision for themselves. This could be to Lockdown, Lockdown with Barricade, Evacuate, or Counter. There is no right or wrong answer. The decision is based on the information available, location of the teacher/students, age of students, and number of students.

### Evacuation/Relocation

Atchison Public Schools may decide to initiate emergency evacuation procedures at any one of its buildings to ensure the safety and security of students and staff. Subsequent to an evacuation, the relocation of students might be undertaken if it is determined that they will not be able to re-enter their school within a reasonable amount of time or circumstances dictate that it is unsafe for them to remain on campus. The relocation site will be determined on a case-by-case basis in relation to the facts and circumstances of the specific incident. Regular bus riders might be transported home depending upon the circumstances of the event, while other students might be relocated to a safe place for reunification with their parents/guardians.

Decisions regarding evacuation/relocation are always based upon what is the safest resolution for students and staff. The paramount concern during an evacuation and relocation is to maintain the safety of our students and account for their presence. All information regarding such an evacuation/relocation will be made available to parents/guardians via USD 409 Alerts. Other means of communication may also be used. These notifications may include specific instructions regarding where and when to reunite with students.

- Using physical restraint that obstructs the student’s airway;
- Using physical restraint that impacts a student’s primary mode of communication;

- Any device used by a certified law enforcement officer to carry out law enforcement duties; or - Seatbelts and other safety equipment when used to secure students during transportation.

#### Use of Emergency Safety Interventions

ESI shall be used only when a student presents a reasonable and immediate danger of physical harm to such student or others with the present ability to effect such physical harm. Less restrictive alternatives to ESI, such as positive behavior interventions support, shall be deemed inappropriate or ineffective under the circumstances by the school employee witnessing the student's behavior prior to the use of any ESI. The use of ESI shall cease as soon as the immediate danger of physical harm ceases to exist. Violent action that is destructive of property may necessitate the use of an ESI. Use of an ESI for purposes of discipline, punishment or the convenience of a school employee shall not meet the standard of immediate danger or physical harm.

#### ESI Restrictions

A student shall not be subjected to ESI if the student is known to have a medical condition that could put the student in mental or physical danger as a result of ESI. The existence of such medical condition must be indicated in a written statement from the student's licensed health care provider, a copy of which has been provided to the school and placed in the student's file.

Such written statement shall include an explanation of the student's diagnosis, a list of any reasons why ESI would put the student in mental or physical danger, and any suggested alternatives to ESI. Notwithstanding the provisions of this subsection, a student may be subjected to ESI, if not subjecting the student to ESI would result in significant harm to the student or others.

#### Use of Seclusion

When a student is placed in seclusion, a school employee shall be able to see and hear the student at all times.

All seclusion rooms equipped with a locking door shall be designed to ensure that the lock automatically disengages when the school employee viewing the student walks away from the seclusion room, or in case of emergency, such as fire or severe weather.

A seclusion room shall be a safe place with proportional and similar characteristics as other rooms where students frequent. Such room shall be free of any condition that could be a danger to the student, well-ventilated, and sufficiently lighted.

#### Training

All staff members shall be trained regarding the use of positive behavioral intervention strategies, de-escalation techniques, and prevention techniques. Such training shall be consistent with nationally recognized training programs on ESI. The intensity of the training provided will depend upon the employee's position.

Administrators, licensed staff members, and other staff deemed most likely to need to restrain a student will be provided more intense training than staff who do not work directly with students in the classroom. District and building administration shall make the determination of the intensity of training required by each position.

Each school building shall maintain written or electronic documentation regarding the training that was provided and a list of participants, which shall be made available for inspection by the state board of education upon request.

#### Notification and Documentation

The principal or designee shall notify the parent the same day as an incident. The same-day notification requirement of this subsection shall be deemed satisfied if the school attempts at least two methods of contacting the parent. A parent may designate a preferred method of contact to receive the same-day notification. Also, a

parent may agree, in writing, to receive only one same-day notification from the school for multiple incidents occurring on the same day.

Documentation of the ESI used shall be completed and provided to the student's parents no later than the school day following the day of the incident. Such written documentation shall include: (A) The events leading up to the incident; (B) student behaviors that necessitated the ESI; (C) steps taken to transition the student back into the educational setting; (d) the date and time the incident occurred, the type of ESI used, the duration of the ESI, and the school personnel who used or supervised the ESI; (E) space or an additional form for parents to provide feedback or comments to the school regarding the incident; (F) a statement that invites and strongly encourages parents to schedule a meeting to discuss the incident and how to prevent future incidents; and (G) email and phone information for the parent to contact the school to schedule the ESI meeting. Schools may group incidents together when documenting the items in subparagraphs (A), (B), and (C) if the triggering issue necessitating the ESIs is the same.

The parent shall be provided the following information after the first and each subsequent incident during each school year: (1) a copy of this policy which indicates when ESI can be used; (2) a flyer on the parent's rights; (3) information on the parent's right to file a complaint through the local dispute resolution process (which is set forth in this policy) and the complaint process of the state board of education; and (4) information that will assist the parent in navigating the complaint process, including contact information for Families Together and the Disability Rights Center of Kansas. Upon the first occurrence of an incident of ESI, the foregoing information shall be provided in printed form or, upon the parent's written request, by email. Upon the occurrence of a second or subsequent incident the parent shall be provided with a full and direct website address containing such information.

#### Law Enforcement, School Resource, and Campus Security Officers

Campus police officers and school resource officers shall be exempt from the requirements of this policy when engaged in an activity that has a legitimate law enforcement purpose. School security officers shall not be exempt from the requirements of this policy.

If a school is aware that a law enforcement officer or school resource officer has used seclusion, physical restraint, or mechanical restraint on a student, the school shall notify the parent the same day using the parent's preferred method of contact. A school shall not be required to provide written documentation to a parent, as set forth above, regarding law enforcement use of an emergency safety intervention, or report to the state department of education any law enforcement use of an emergency safety intervention. For purposes of this subsection, mechanical restraint includes, but is not limited to, the use of handcuffs.

#### Documentation of ESI Incidents

Except as specified above with regard to law enforcement or school resource officer use of emergency safety interventions, each building shall maintain documentation any time ESI is used with a student. Such documentation must include all of the following:

- Date and time of the ESI,
- Type of ESI,
- Length of time the ESI was used,
- School personnel who participated in or supervised the ESI,
- Whether the student had an individualized education program at the time of the incident,
- Whether the student had a section 504 plan at the time of the incident, and
- Whether student had a behavior intervention plan at the time of the incident.

All such documentation shall be provided to the building principal, who shall be responsible for providing copies of such documentation to the superintendent or the superintendent's designee on at least a biannual basis. At least

once per school year, each building principal or designee shall review the documentation of ESI incidents with appropriate staff members to consider the appropriateness of the use of ESI in those instances.

#### Reporting Data

District administration shall report ESI data to the state department of education as required.

#### Parent Right to Meeting on ESI Use

For a student with a section 504 plan, such student's section 504 plan team shall discuss and consider the need for a special education evaluation. For students who have an individualized education program and are placed in a private school by a parent, a meeting called under this subsection shall include the parent and the private school, who shall consider whether the parent should request an individualized education program team meeting. If the parent requests an individualized education program team meeting, the private school shall help facilitate such meeting.

For a student without an IPE or Section 504 plan the school staff and the parent shall meet within ten (10) calendar days following the third incident to discuss the incident and consider the appropriateness of a referral for a special education evaluation, the need for a functional behavioral assessment, or the need for a behavior intervention plan. Any such meeting shall include the student's parent, a school administrator for the school the student attends, one of the student's teachers, a school employee involved in the incident, and any other school employees designated by the school administrator as appropriate for such meeting.

The student who is the subject of such meetings shall be invited to attend the meeting at the discretion of the parent. The time for calling such a meeting may be extended beyond the 10-day limit if the parent of the student is unable to attend within that time period. Nothing in this section shall be construed to prohibit the development and implementation of a functional behavior assessment or a behavior intervention plan for any student if such student would benefit from such measures.

#### Local Dispute Resolution Process

If a parent believes that an emergency safety intervention has been used on the parent's child in violation of state law or board policy, the parent may file a complaint as specified below.

The board of education encourages parents to attempt to resolve issues relating to the use of ESI informally with the building principal and/or the superintendent before filing a formal complaint with the board. Once an informal complaint is received, the administrator handling such complaint shall investigate such matter, as deemed appropriate by the administrator. In the event that the complaint is resolved informally, the administrator must provide a written report of the informal resolution to the superintendent and the parents and retain a copy of the report at the school. The superintendent will share the informal resolution with the board of education and provide a copy to the state department of education.

If the issues are not resolved informally with the building principal and/or the superintendent, the parents may submit a formal written complaint to the board of education by providing a copy of the complaint to the clerk of the board and the superintendent within thirty (30) calendar days after the parent is informed of the incident.

Upon receipt of a formal written complaint, the superintendent shall assign an investigator to review the complaint and report findings to the board as a whole. Such investigator may be a school administrator or an attorney. Such investigator shall be informed of the obligation to maintain confidentiality of student records and shall report the findings of fact and recommended corrective action, if any, to the board in executive session.

Any such investigation must be completed within thirty (30) calendar days of receipt of the formal written complaint by the board clerk and superintendent. On or before the 30th day after receipt of the written complaint, the board shall adopt written findings of fact and, if necessary, appropriate corrective action. A copy of the written findings of fact and any corrective action adopted by the board shall only be provided to the parents, the school,

and the state department of education and shall be mailed to the parents and the state department within 30 days of the board's receipt of the formal complaint.

If desired, a parent may file a complaint under the state board of education administrative review process within thirty (30) calendar days from the date a final decision is issued pursuant to the local dispute resolution process.

### **Honor Roll**

Honor Roll is computed at the end of each semester with the following designations:

Superintendent's Honor Roll = 4.0 GPA

Principal's Honor Roll = 3.50 to 3.99

GPA

Honorable Mention = 3.0 to 3.49 GPA

### **Bona Fide Student in Good Standing Related to Activities**

(See Activities Handbook)

In Good Standing also states:

Students who run for office and during their time in a leadership position, must adhere to all eligibility and student in good standing requirements. Students can be suspended or removed from these positions if the administration determines that the student is not in good standing.

### **Lost and Found**

All lost and found articles are to be taken to and claimed in the office.

### **Lunch - Outside food and seating**

Central School provides a nutritious lunch daily. There are times a student may choose to bring outside food. This is allowed but please remember that outside vendors may not deliver (for example – Pizza Hut) and that students should not share their food with others. There are also plates provided if a student wishes to put his lunch on a plate.

Students may be assigned to sit at a specific table. There are many reasons for assigned tables, but the most common reasons are grade level and peer relationships.

### **Needs Improvement List**

Every Monday a Needs Improvement List will be created by the office and issued to the teachers/students. Students will be notified by the office or their teacher. A student is determined Student NOT in Good Standing when they have one or more failing grades (this includes in-completes) for the third consecutive week.

- Students NOT in Good Standing will not be allowed to participate in any after school activities. For those out for sports you will be allowed to practice but not play in the game for the first week. Other activities include dances, attending sporting events, plays or concerts.

### **National Honor Society Guidelines**

NHS is more than just an honor roll. The Honor Society chapter establishes rules for membership that are based upon a student's outstanding performance in the areas of scholarship, service, leadership, and character. These criteria for selection form the foundation upon which the organization and its activities are built.

- Scholarship: Students who have a cumulative grade point average of 85 percent, B, 3.2 (on a 4.0 scale) or equivalent standard of excellence, or a higher cumulative average set by the local school's Faculty Council, meet the scholarship requirement for membership. These students are then eligible for consideration on the basis of service, leadership, and character
- Service: This quality is defined through the voluntary contributions made by a student to the school and community, done without compensation and with a positive, courteous, and enthusiastic spirit.
- Leadership: Student leaders are those who are resourceful, good problem solvers, promoters of school activities, idea contributors, dependable, and persons who exemplify positive attitudes about life. Leadership experiences will be drawn from school and community activities while working with or for others.
- Character: The student of good character upholds principles of morality and ethics, is cooperative, demonstrates high standards of honesty and reliability, shows courtesy, concern, and respect for others, and generally maintains a good and clean lifestyle.
- Citizenship: The student who demonstrates citizenship understands the importance of civic involvement, has a high regard for freedom, justice, and democracy, and demonstrates mature participation and

responsibility through involvement with such activities as scouting, community organizations, and school clubs.

All membership selection for individual students is handled through the local school chapter. All NHS candidates must have completed a minimum of three semesters and be classified as a sophomore at the high school level. The fall semester prior to selection in January or February must have been taken at Atchison High School. If the student has a 3.2 cumulative GPA at the end of the fall semester, a Student Information Form will be given to the student for completion. This form will be due and turned in to Mrs. Ball, the NHS Adviser, no later than February 1 to be considered for the selection process.

This form must be completely filled out and signed by the student and parent. If any of the sections on the form are left blank, the student will not meet the minimum requirements for consideration into the NHS. Once the form is received, the faculty at AHS will fill out a form rating the student and these scores will be averaged to assist the faculty council in the selection process.

This process includes utilizing a five-member Faculty Council, appointed by the principal, that undertakes the selection of all new members as well as the disciplining of existing members of the chapter. The selection process is supervised by the chapter adviser who sits as a sixth, non-voting member of the Faculty Council. New inductees will be notified around March 15, after the Faculty Council has met, and the NHS Induction Ceremony will be held at Atchison High School.

The successful NHS candidate will be involved in school extracurricular activities, hold offices and/or leadership positions in AHS approved clubs and organizations, as well as in the community, and maintain a minimum cumulative GPA of 3.2, will not have referrals or discipline problems in class, are leaders in the class and class discussions, will have character and will never have any academic dishonesty, and will be involved in community service and will have proven community service hours proportional to the number of years in high school in the counseling office by Dec. 15th.

NHS is an honor bestowed upon an individual, not a right.

### **Parking**

Students who drive to and from school are expected to do so in a responsible manner. Parents will be notified if a student displays poor driving habits. Students should not loiter before or after school. Upon arriving, students must exit vehicles and enter the building. Students are not to use any phone without staff member permission. Phone calls are limited to legitimate reasons (call home sick, need ride, etc.). Staff members will call parents to seek permission for students to leave early.

Students abusing phone privileges (making too many calls, yelling at others on the phone, cussing at others on the phone) will lose their phone privileges for a period of time determined by the offense.

Using a cellular telephone, video recording device, personal digital assistant (PDA), or other electronic device in any manner that disrupts the educational environment or violates the rights of others, including using the device to take unwanted photographs, cheat, or otherwise violate student conduct rules is prohibited.

### **PowerSchool**

PowerSchool provides a method for the school to communicate the current status of a student’s grades. If a student or parent does not have a password and would like one they can contact the main office.

It is of the utmost importance to know where each student stands in the instructional process. This will allow each teacher to develop instructional plans to meet the needs of each learner. Parents and students can expect to receive constant feedback and clear evidence of progress. Parents may monitor student progress in teacher-directed classes through PowerSchool. Points may appear for A+ classes on grade cards – the points are for participation and work in class. A+ classes do not appear on the student’s transcript until all lessons and blackboards are finished and graded.

Parents are encouraged to have a Power School log in and password so that they may also monitor their students’ grades. Semester grade will be determined whether credit is given for the class or not.

### **Safe Area**

When a student is not able to meet the expectations of the classroom teacher, they may be asked to leave class and go to the safe area until they can respectfully, safely, and responsibly return to class. Our goal is for the student to return to class.

### **Student Expectations and Student Conduct**

#### **Classroom Referral**

Each teacher will establish a plan of action to deal with discipline in his or her classrooms. The administrator will have a copy in the office.

- **Step 1: Informal conference and or time after school**  
The teacher will visit with the student to discuss the problem and how it should be corrected. The teacher may assign time for the student to stay after school as a consequence for inappropriate classroom behavior. Times may vary from 5 minutes to 60 minutes based on the teacher's discretion. Parents should be notified at this time.
- **Step 2: Parental Notice**  
The teacher will notify the parent of the situation by phone, email, or personal visit and a strategy will be developed to remedy the situation. Either telephone or personal visit may do this. Parental support is requested.
- **Step 3: Intervention**  
If the student still is having difficulty in a classroom, the teacher will try an intervention with the student. The interventions could include, but are not limited to, seat change, conference, peer tutor and changing the length of assignments.
- **Step 4: Referral to the Office**  
Should the classroom referral steps be ineffective an office referral will be made and building discipline policy implemented. Each situation will be handled according to the Student Conduct Policy.

### **Office Referral**

Serious infractions will be dealt with administrative action.

- **Step 1: Conference**  
A formal conference is held between the student and one or more school officials. During the conference, the student must agree to correct his/her behavior. Parents will be contacted as well as the referral and the conference mailed home.
- **Step 2: Detention/Loss of Privileges**  
If the problem or behavior persists a student may be assigned a lunch detention or time after school.
- **Step 3: Class Suspension**
- Student may be removed from one or more classrooms or multiple periods that they are having problems in. Parents are notified.
- **Step 4: In School Suspension**  
The student is removed from classes, but remains at school. Parents will be notified. During this time a student will not be allowed to participate in any school activities during or after school.
- **Step 5: Out of School Suspension (short term)**  
The student is removed from the school setting for one to 10 days. A parent or guardian will be notified and asked to come and pick the student up from school. During this time a student is not allowed to be on school grounds or participate in extracurricular activities
- **Step 6: Out of School Suspension (long term)**  
The student is removed from the school setting for 11-90 days. During this time a student is not allowed to be on school grounds or participate in extracurricular activities.
